### March 2024 Edition:

**Buddy Walton:** We have great relationships with our show partners!

**Mark Bayer:** Our Kansas City 2024 events list:

---

Relationships are not always about your spouse, girlfriend, boyfriend or siblings. It is important for relationships to grow and to be maintained between two parties otherwise one of the parties could feel neglected, ignored or disrespected. No, I am not talking about you and your motorcycles! I am speaking of the great relationships we have worked on with our KC VJMC show partners. These include Motorcycle dealerships, a coffee shop, a 1950s drive in restaurant, a vintage air force group with their airport hangar, and on Kansas Field Representative Bill Brown's property. Without the trust of these partners we would not have the wonderful shows and the locations they provide to our participants and spectators.

In return our all volunteer club works hard to plan, organize and ensure a smooth running event with quality machines, and plenty of visiting and smiles. One thing in these relationships we can't control is the weather. But for the most part we have enjoyed pretty good days for the unpredictable Midwest skies. This year we will have six shows between June and September in the Kansas City area. This includes our "Meetin In The Middle" Rally 50 miles to the North of Kansas City in July at Anderson Powerports in St Joseph Missouri. They are excited to have our event and we are glad to have the opportunity to begin another relationship that will have plenty of beautiful vintage Japanese bikes to relate to!
