This is a newsletter covering what is going on in the Midwest with our VJMC friends. Please send us your events, activities, or interesting stories. We will keep you informed about the above topics and want to see our region grow. Please pass this newsletter to any of your friends and let's build a community. Any correspondence will be kept private and no information will be given out without your permission.

October 2025 Edition: *Buddy Walton*: Comments about the 2025 event season.

The 2025 year is coming to an end:

Once again our Kansas City VJMC show season has come to a close. Our last event, the LCC Power Sports event in Liberty Missouri, was well attended and as always featured plenty of cool VJMC bikes. A local CMA club served food and drink. It was held on Saturday September 20, 2025, a magazine article will come later. We thank LCC & CMA for their support. We also had a lot of spectator bikes which rode in during the day as the weather was much better than was previously expected. Maybe the best part of all of our shows is the visiting with fellow VJMC enthusiasts. Within our community we have so many smiles and laughs and also hear good stories which are often repeated. Along with the interesting bikes, there are also parts and swap exchanges, and a few new vintage motorcycle purchases being made.

Also, we want to say thanks to our supporters along the way which includes the Schmitt Law Firm, Viking Bags, Donnell's Power sports, LCC Power Sports, Wilson Performance, and so many individuals that contributed to our club.

Something that a few of us in our club want to plan for next year is a vintage dual sport campout in the Kansas City area. Get some of those older street legal enduro bikes out on some of our known "routes," starting on the NW side of town along the Missouri River, and make a fun event. More info will follow on this after the first of the year. Now is the time to catch some great fall riding days, take a few bike trips and start back with winter bike projects that were set aside this summer. Maybe get a little dirt bike riding in before the chilly winter weather sets in as well. We will keep you updated.

Please remember to keep your VJMC membership updated. VJMC publishes 6 full color magazines every year. VJMC supports rides, rallies, shows local and regional, but above all, supports the vintage Japanese motorcycle community. Without the national club there would be much less of a group of like minded people. In every magazine I write about long term VJMC members as well as new members, we do this because we love your stories and appreciate our members and support a strong and active community of vintage Japanese motorcycle enthusiasts.
