February 2026 Edition: *Buddy Walton:* Don't miss Meetin In The Middle 2026!

Mark Bayer: What's going on in the Midwest in 2026!

Our Kansas City VJMC group is always busy developing our current events and is always working on ways to make them better organized and well attended. Apart from the work, it's also lots of fun. The 2025 events year was remarkably successful in terms of attendance and feedback. The 2026 year should be even better. We love to see distant VJMC members attend and when they (you) do, we work at making attendees feel welcome. If you plan on attending one of our events in 2026, and need any help like finding a good hotel/motel, or a place to park your trailer, or even camp out, let us know. Perhaps KC VJMC should develop a KC VJMC travel link? Now that's an idea which I will bring up at our next meeting. The second page of this newsletter is our 2026 events list. The **Meetin In The Middle** event has been designed to be close to the geographic center of the continental United States. This year should be a **do-not-miss** event as my hunch would be that it will not disappoint! Our events in Iowa, Kansas and Missouri are all great events which have been substantial rally's worth of your attendance. Make plans to attend as you have been formally invited.
